

**'No Parking' Status**

There have been some concerns with parking for events along Reservoir Road. Cars have been on private property and pulling out creating unsafe conditions. We have had communication with the Lower Saucon Township Police. It has been recommended that we place no parking signs along that area. Please be advised that there will not be parking allowed on the grassy areas except for Panther Way-golf course side. We ask that you park in the paved areas that are available and walk to your event. Thank you.
