

SAUCON VALLEY SCHOOL DISTRICT

INCLEMENT WEATHER & EARLY DISMISSAL PROCEDURES

The following is our procedure for transporting non-public school students when there is inclement weather or the non-public school has early dismissal:

- 1) If Saucon Valley has cancelled school for the day due to inclement weather, no buses will be running to any of our non-public schools.
- 2) If Saucon Valley is on a delayed start schedule, we will transport on our delayed start time.
- 3) If the non-public school is on a delayed start schedule, but Saucon Valley is running on regular time, we will not transport on the delayed times. We can take the child to school on regular time if there will be someone at the school to accept them. Otherwise the parent/guardian is responsible for getting the child to school that day.
- 4) If the non-public school dismisses early due to inclement weather, Saucon will try to honor that dismissal time as long as it does not interfere with Saucon's dismissal. Every effort will be made to pick up the students as close to the dismissal time as possible.
- 5) If the non-public school has an early dismissal due to an in service or holiday and Saucon does not, Saucon will pick up at the early dismissal time.
- 6) If Saucon has no school due to an in-service or holiday, non-public schools that are running on those days will be transported at the regular times.

If you have any questions regarding these procedures, please call the Transportation Office at 610-838-7001 x1201.
