

## **JUNIOR YEAR COLLEGE PLANNER**

Check the box as you complete each item.

- I have taken the PSAT.
- I have done a college search to identify colleges that have the traits I am looking for in a college. This may include but is not limited to location, size, environment, college major, tuition, admission requirements and activities.
- I have contacted colleges to get information about their school and get on their email list.
- I received and reviewed my PSAT score report.
- I developed a plan to prepare for the SAT.
- I registered for the SAT at [www.collegeboard.org](http://www.collegeboard.org). The SAT that is offered at SV is in March. Be sure to list our school code **391 745**.
- I requested courses for my senior year that will challenge me and prepare me for the college major I am interested in.
- I have taken the SAT.
- If the college requires the SAT Subject Tests contact the school to see which tests and when they should be taken. Only very selective schools require these. Some schools allow the ACT in lieu of the subject tests.
- Plan to start visiting colleges for open houses and tours in the spring and summer.
- Prospective Division I and II college athletes will need to complete the NCAA registration at [www.eligibilitycenter.org](http://www.eligibilitycenter.org).
- Do something constructive in the summer. Volunteer work or summer employment are good ideas. Students considering selective colleges may want to take a college course, attend an interesting camp or conference.
