

## SENIOR YEAR COLLEGE PLANNER

Check off boxes as you complete the item.

- I have thought about what is important to me in a college and have researched schools. I have found colleges that match my academic qualifications and personal interests.
- I have taken the SAT/ACT. Plans for future SATs/ACTs \_\_\_\_\_
- I have visited the colleges in which I am interested.
- I have decided to which schools I am applying.
- If I am playing Div I or II college athletics I have applied to the NCAA Eligibility Center ([www.eligibilitycenter.org](http://www.eligibilitycenter.org)).
- I know the following information about my schools:  
Admissions Requirements- essays, teacher/counselor recommendations, SAT/SAT II, admission decision used, portfolios, interviews, deadlines.  
  
Financial Aid- forms required and deadlines. My parent and I can register for our FSA ID at <https://fsaid.ed.gov/npas> so we are prepared to do the FAFSA in October.
- I have asked teachers to write a recommendation for me (if required). I have made the request through Naviance Student.
- I have completed my applications and submitted them electronically to the college.
- I requested my transcripts be sent through Naviance Student.
- I have completed all the financial aid forms required by my schools.
- I have carefully considered the colleges and the financial aid packages and have decided which school best meets my needs.
- I sent in my deposit to secure my spot at the college and informed the other schools that I will not be attending their school. (You have until May 1<sup>st</sup> to make your final decision if necessary).

**CONGRATULATIONS!!**
